

DEPARTMENT OF GENERAL MEDICINE

1st Year PG Student	Guide Name	Title
Dr. Ramya koorathota	Dr. Salla surya prakash	A prospective study of hematological profile in patients admitted with chronic kidney disease.
Dr. Parla keerthi lakshmi	Dr. Chennakesavulu	Mean platelet volume-correlation with hba1c and its association with microvascular complications in type 2 diabetes mellitus.
Dr. Nimma shiva kumar	Dr. Ashok kuleru	Correlation between ast/alt ratio and functional severity in chronic heart failure with reduced left ventricular ejection fraction.
Dr. Indla shashidhar	Dr. Chennakeshavulu	A study on the functional outcome in acute cerebrovascular accident patients.
Dr. Aakula greeshma	Dr. Ashok kuleru	Clinical profile of patients presenting with deep venous thrombosis.
Dr. Elluri abhilash reddy	Dr. Kuleru ashok	Prevalence and severity of metabolic acidosis in patients on maintenance hemodialysis in india.
Dr. Ugender gugulothu	Dr. Salla surya prakash	A study of non- invasive predictors of esophageal varices in patients with liver cirrhosis.
Dr. Eediga venkatesh goud	Dr. Salla surya prakash	A prospective study of hematological profile in patients admitted with chronic liver disease.

DEPARTMENT OF GENERAL MEDICINE

2nd Year PG Student	Guide Name	Title
Dr Alapati Sai Prakash	Dr Chennakesavulu dara ,	Comparison of novel markers of insulin resistance with homeostasis model assessment of insulin resistance and its correlation in metabolic syndrome in subjects presenting to ESIC hospital in hyderabad
Dr.Paloju Pranavi	Dr.S Triven Sagar ,	Assessment of microbial pattern in acute exacerbation of copd and its relevance to severity of copd at teritiary care hospital
Dr. Vancha Srividya	Dr. Chennakesavulu Dara	Association between neutrophil lymphocyte ratio, rdw,hba1c, with diabetic retinopathy in type 2 diabetes mellitus patients presenting to tertiary care hospital in hyderabad
Dr Akshay kumar Hiranandani	Dr. U. Ramchander rao,	Posterior circulation stroke diagnosis using hints in patients presenting with acute vestibular syndrome to a tertiary care centre in hyderabad – a cross sectional study
Dr.Naresh.O	Dr.S Triven Sagar ,	Absolute eosinophil count as diagnostic and progrostatic marker for sepsis
Dr Avula Nithisha	Dr. U. Ramchander rao	A comprehensive cross sectional study of cardiovascular profile among chronic kidney disease patients
Dr Harshit Aggarwal	Dr. U. Ramchander rao	Predictive value of thyroid hormones & serum random cortisol in sepsis patients within 72 hours of admission to micu
Dr Munnur Lakshman	Dr Bandaru Rajiv Kumar	To Evaluate correlation Between S ferritin and Thyroid Stimulating Hormone level in Hypothyroidism and Euthyroid patients.

3rd Year PG Student	Guide Name	Title
Dr Gandge Varsha	Dr Surya Prakasa Rao	Thesis topic : Neutrophil lymphocyte ratio and platelet to lymphocyte ratio as

DEPARTMENT OF GENERAL MEDICINE

		predictors of microalbuminuria in type 2 diabetes patients in tertiary care hospital"
Dr K Sai Prakash	Dr Chennakesavulu	Thesis topic : Evaluation of pulmonary complications in patients post covid 19 infection at a tertiary care hospital
Dr Monica Valentina	Dr Ashok K	Thesis Topic: "Microalbuminuria as a predictor of outcome in sepsis patients admitted in tertiary care hospital" Research Topic: Stepwise evaluation for the assessment of risk of metabolic unhealthiness and significant non-alcoholic fatty liver disease at a tertiary care hospital
Dr B. Madhu	Dr Bandaru Rajiv Kumar	Thesis topic:" Clinical and bacteriological profile of respiratory tract infections in geriatric population at a tertiary care centre "

Ongoing projects:

1. Direct Oral Anti-Coagulants – exploring the effect of Pharmacogenetics in Indian Population (DOACPIP): A Multicentric Study – Dr Chennakesavulu
